School Services

Health Center

The Health Center provides health education, counseling, and some emergency care for students and staff. One part-time registered nurse serves as a health advisor on student health problems. When accidents or illness occur during school hours, initial emergency care will be given according to the incident; further care will be the responsibility of the parents. All accidents are to be reported to the nurse by the person involved and the supervising individual.

State law requires that all students have an immunization record on file with the

school, indicating that immunizations are up to date.

If a Student Becomes Ill at School, obtain a pass from the classroom teacher to report to the Nurse or school office. The Nurse or office staff will determine if the student is sick enough to go home and the student will contact their parents for permission to leave campus. Students are not to leave the building before signing out in the office.

Medications

The Kansas Department of Health and Environment has guidelines concerning medication administration at school.

*The policy states:

Diagnosis and treatment of illness and the prescribing of medication, including over-the-counter drugs, are not the responsibility of the school and should not be practiced by any school personnel, including school nurses, without proper authorization.

Proper authorization means a written prescription from a person licensed to practice medicine and surgery or licensed to practice dentistry, for the administration of all medication, including over-the-counter drugs.

Teachers will not issue medication. Any pupil who is required to take medication during the regular school day must leave the medicine in the main office and comply with school regulations.

1. A student's medication forms must be completed by a physician and parent/guardian before prescription drugs can be administered at school.
2. Medication must be brought to school in a container appropriately labeled by the pharmacy or physician.
3. Written request from the physician or dentist and parent/guardian should

accompany all medication to be administered, including over-the-counter drugs such as aspirin, Tylenol, or cough medicine.

4. Students may keep inhalers or cough drops in their classrooms. All other medication will be kept in a safe place in the office.

**It is unlawful for a learning center employee to administer ANY medication to a student outside these guidelines.*

Kansas Certificate of Immunization/Health Assessment and Proof of Identity

All children entering a Kansas school must present a Kansas Certificate of Immunization showing they have received proper immunization for polio, diphtheria, whooping cough, tetanus, rubella (measles), mumps and chicken pox. Students are encouraged to present a physician's or health department certification upon completion of a health assessment. In addition, a Birth Certificate issued by the State Bureau of Vital Statistics or other legal documentation of identity is required.

Immunizations and/or health assessments may be obtained through your family physician or from the Barton County Health Department.

Daily Bulletin

A bulletin is published every day to keep students informed of school events and information students need to know. A copy is sent electronically to each teacher and posted outside the main office on the bulletin board. Students are responsible for being aware of all official notices published in this bulletin. It is also posted on the USD 428 website for parents to view as well.

Library/Media Center

The Library is open to all students for reading, research or quiet study from 7:35 AM to 3:30 PM, including lunch hour. Books are loaned for a period of two weeks and may be renewed. Materials not returned or paid for by the end of the year will be charged to the student's records. Students may not check out more until these debts have been cleared. Charge for lost materials will be determined by replacement costs. No food or drink is allowed in the library.

The librarian will determine which students will be admitted or sent back to class at any time.

The library is open at night from 6:00 – 8:00 pm as published in the Daily Bulletin.

Breakfast and Lunch Services

The school cafeteria encourages good nutrition. A well-balanced breakfast and/or a-la-carte items will be offered in the morning before school. Lunch options include five or more hot lunch choices, a chef salad, combo lunch or snacks. The student's six-digit ID card number will also be their lunch ticket number. Students and teachers are encouraged to use their ID card or pay cash for items purchased. If student's number needs to be looked up, they will be requested to go to the end of the line.

Lost and Found

This service is available to students in the Main Office. Items not claimed will be turned over to a service organization at the end of each semester.

School Lockers

Book lockers are provided to students as a convenience. Locks are provided by the school for hallway lockers and P.E. lockers. Do not share your locker with anyone or trade lockers. Report vandalism or problems with the locker operation to the office. The school exercises control over school property, including school lockers, and a student should not expect privacy regarding items placed in school property because school property is subject to search at any time by school officials.

Use of Trained Dogs to Search

At the request of the administration, law enforcement officers or licensed private agencies may use trained dogs on school premises to identify student property which may contain illegal or illicit materials and to determine whether materials are present which may threaten the general health, welfare, and safety of students and/or district employees.

The dogs may be used for search purposes to check lockers, vehicles on school property, and other suspected locations.

School Bus

The school district provides bus transportation for students to many activities. The bus driver has complete charge of the bus and his/her instructions must be followed. Students whose behavior threatens the safety of others will be denied transportation.

Riding the bus is a privilege. Students who abuse it will lose it.

Weather Days

When weather conditions indicate that school may not be in session or that an early dismissal may be necessary, parents are urged to listen to the following:

- KVGB.....1590 AM
- KHOK.....100.7
- KVGB FM (B104).....104.3
- KBGL FM..... 106.9
- KZLS FM..... 107.9
- KSNC TV.....Channel 2
- KSNC-TV.....Cable Channel 3
- School Information Channel.....Channel 21

Official notice of cancellation of school will be made prior to 6:30 AM. If parents or legal guardians consider weather conditions unsafe, they may come to the high school office and request dismissal of their student or students. Such absence, though recorded, is excused.

Attendance and Conduct

Attendance Policy

Regular school attendance, successful completion of school assignments, and resulting grades are closely interconnected. The primary responsibility for good attendance rests with the student and the parents. The combined effort toward constant communication between the school and the home will facilitate wise decisions on the part of our students.

Truancy

The concerned student who is absent for a legitimate reason has nothing to fear from the policy. **The school will notify parents by letter, of attendance issues regarding truancy as required by law. Students who are truant will be reported to the proper enforcement agency as required by law.** Under state law provisions, any student under eighteen (18) years of age who has three (3) consecutive days of unexcused absence during any semester, or five (5) total days in a semester unexcused is considered truant and in violation of state law. **Students age eighteen or older are not exempt from the attendance procedures. If the situation does not improve immediately, the appropriate agencies will be notified.**

Attendance Procedures and Guidelines

- All absences will be recorded by the teacher and by the Office. The Office record shall be the official record for attendance in each class. Absences due to a school related activity would not be recorded as an absence. Students are responsible for getting the assignment done **ahead** of the absence.
- **Before an absence can be considered “excused,” the parent/guardian must call the high school office on or before the day of the absence. If the office has not been notified of an absence within 24 hours of the absence a detention may be assigned to the student. The parent/guardian must specifically state the reason for an absence, the appointment time for a doctor/dental visit, etc., before a student is given an excused**

absence. Notes are not acceptable to clear absences unless phones are not available. The Administration reserves the right to determine whether any or all absences are Excused or Unexcused.

- An absence is recorded if a student is not in attendance for a significant part of a class period. If a student is tardy longer than fifteen (15) minutes, it is recorded as an absence.

Accumulated Attendance Probation

When a student misses a class for three (3) unexcused absences, the principal, or designee will contact the student and/or parent in writing of the student's status. **When a student misses a class for the seventh (7th) time, excused or unexcused, the principal, or designee will contact the student and/or parent in writing of the student's status.** The Administration reserves the right to determine whether any or all absences are Excused or Unexcused. Homework will not be given until the student has met with teachers to receive instruction. Medical documentation from a physician will be the normal reason for granting an exception to the Accumulated Attendance Probation Policy. After 10 excused absences, medical documentation from a physician is required for further absences to be excused. Normally, exceptions will not be granted if the absences remain uncleared or unexcused.

**If Students Have an Appointment, the student's parent or guardian should call the office in advance(at least 45 minutes) to request dismissal with the appointment time for doctor/dental visit, etc. before a*

student is given an excused absence. The student will be sent a pass and will need to sign out on the appropriate form in the office before leaving. The student must sign in upon returning.

Prearranged Absence

Students, who know they will be missing school, need to obtain a prearranged absence form from the office, have all their teachers sign it and return it to the office prior to their absence. Students are then responsible for getting the assignment done ahead of the absence. **Students have one school day for each day of excused absence to complete homework.**

Make-Up Work Policy

Students have one day for each day of any excused absence to complete homework assigned. Credit may not be given for work missed because of truancy or Accumulated Attendance Probation. A student may appeal to the principal in an exceptional situation.

Tardies

“Tardy” is defined as not being in the correct working area, prepared to begin class, when the bell rings signaling the start of a new class period.

Consequences for each tardy, per class, per 9 weeks, are the responsibility of the teacher.

Chronic tardies are a disruption of the educational process and may be referred to administration.

Students are expected to behave responsibly at Great Bend High School. Student behavior that disrupts classroom instruction and learning, does not follow teacher expectations, or violates a code of good character will be referred to an Assistant Principal. In the event the district is unable to offer a Kansas State Board of Regents-required class at the high school, the student may enroll at Barton Community College in that KSBOR-class for dual credit and the tuition will be at district expense.

Class Rank

Class rank is based on GPA earned for regular and weighted classes.

RANKINGS WILL BE FIGURED BASED ON:

1. Highest Grade Point Average.
2. If the GPA's are tied, the higher rank will be assigned to the student with the greater number of weighted classes.

3. If the GPA's and the number of weighted classes are equal, then all students equal in both categories will be ranked equally.

To be eligible for the top 10 percent students will be allowed to take only one teacher aide credit (2 semesters) during their junior or senior year.

Valedictorian-Salutatorian

The Valedictorian and Salutatorian deliver the commencement address at the Graduation ceremony.

Graduation speeches must be turned in and approved by the principal one week before graduation. If one or both choose not to speak, the senior class officers will nominate an alternate that is approved by the administration.

Honor Policy Cheating / Plagiarism

Cheating: Cheating is defined as using dishonest methods to gain an advantage. This includes utilizing another source as a means of gaining information for use on quizzes, tests, or homework.

Plagiarism: Plagiarism is defined as stealing and passing off the ideas and/or words of another as one's own, using a created production without crediting the source, or committing literary theft. For example, turning in a paper retrieved from any Internet source (either free or for a fee) or including information from an encyclopedia, book, textbook, web site, database, etc. without citation is plagiarism. A paper is considered plagiarized if any part of it is taken from another source without proper attribution (citations).

Level One: Classroom teachers will deal with Level One Violations. Consequences: Students who are caught cheating or copying will receive an automatic zero on the suspect assignment/test. The office will be notified of the incident for record keeping purposes.

Level Two: Level two violations are considered severe. The student will receive a zero for the assignment. When a level two violation occurs on a major grade, a conference with the student, teacher, parent and an administrator may be held to determine:

- ❖ If it will result in loss of credit and/or quarterly failure.
- ❖ If the student can redo the assignment for partial credit. If so, an incomplete grade will be given until the assignment is completed to the instructor's

- ❖ If the student will lose eligibility for any extracurricular activities and the duration of that ineligibility.

Additional level two violations will result in a specific plan developed with an administrator that might include loss of credit, after school suspension, alternative learning assignment or other consequence.

Students guilty of Level Two violations will be ineligible for National Honor Society; if the student is a member of National Honor Society, he/she will be immediately removed.

Foreign Exchange Students

Foreign Exchange students will be enrolled on a space-available basis subject to class size. Foreign Exchange students shall maintain passing grades in all subjects as well as satisfactory discipline and attendance records. Citizenship/Sportsmanship Rule 52

Introduction—The effective American secondary school must support both an academic program and an activities program. We believe that these programs must do more than merely coexist—they must be integrated and support each other in different arenas. The concept of "sportsmanship" must be taught, modeled, expected, and reinforced in the classroom and in all competitive activities. Therefore, all Kansas State High School Activities Association members stand together in support of the following sportsmanship policy.

Philosophy—Activities are an important aspect of the total education process in the American schools. They provide an arena for participants to grow, to excel, to understand, and to value the concepts of SPORTSMANSHIP and teamwork. They are an opportunity for coaches and school staff to teach and model SPORTSMANSHIP, to build school pride, and to increase student/community involvement; this ultimately translates into improved academic performance. Activities are also an opportunity for the community to demonstrate its support for the participants and the school, and to model the concepts of

SPORTSMANSHIP for our youth as respected representative of society.

Sportsmanship is good citizenship in action.

Violations—Violations of the Code of Ethics, KSHSAA Rules and Regulations or Citizenship\Sportsmanship Rule 52 by member schools and/or individuals shall be subject to consideration by the KSHSAA.

Action may result in the form of a reprimand, probation or suspension of the school and/or individual depending upon the degree of the violation.

SPORTSMANSHIP is a general way of thinking and behaving. The following sportsmanship policy items are listed below for clarification:

1. Be courteous to all (participants, coaches, officials, staff, and fans).
2. Know the rules, abide by and respect the official's decisions.
3. Win with character and lose with dignity.
4. Display appreciation for good performance regardless of the team.
5. Exercise self-control and reflect positively upon yourself, team and school.
6. Permit only positive sportsmanlike behavior to reflect on your school or its activities.

Examples of Unacceptable Behavior

—Fans reading newspapers, turning their backs, making disrespectful actions, etc. with introduction of opponents; yelling waving, etc. during opponent's free throws; derogatory/disrespectful yells, chants, songs, gestures, including "good-bye," "air ball," "you, you, you," "what's the score?" "warm up the bus," and other

such expressions. Booing or heckling an official's decision will not be tolerated.

Activity Ticket

The activity ticket costs \$25.00 and entitles the owner to attend all home regular season athletic events.

**Unified School District 428
Alcohol, Drug, Tobacco, and Steroid
Policy
-Activities-**

In coordination with TARGET Kansas, USD 428 wants to address chemical and tobacco abuse by students, grades seven through twelve, involved in activities. Students participating in activities represent their school and community. It is important that these students present a positive image and serve as role models for others.

Participation in district-sponsored school activities is not a right, but a privilege. Students who choose to participate in such programs are expected to display self-discipline and control of their conduct above what is expected of the regular student. Medical studies show the use of alcohol, drugs, steroids and tobacco by students will affect their participation and the development of their skills.

The unlawful possession, use, or distribution of illicit drugs, tobacco and alcohol by students is prohibited. This policy is required by the 1989 amendments to the Drug Free Schools and Communities Act, P.L. 102-226, 103 St. 1928(Cf. LDD).

In an effort to develop consistency and uniformity within the USD 428 activities program, the following substance abuse policy will be enforced throughout the entire school year.

ALCOHOL, DRUGS, AND TOBACCO

Rule 1:

It is a violation of the district activities policy for any student participating or having been a participant in any school-sponsored activity to:

- (1) use or possess a beverage containing alcohol;
- (2) use or consume, have in possession, buy, sell, or give away any controlled substance;
- (3) use or possess tobacco in any form.
- (4) use, consume or possess an anabolic steroid

An exception will be made if the controlled substance is prescribed for the use by a physician.

If a student violates this policy from the first day of the fall athletic season, until the last day of the spring athletic season, whether actively participating in a school sponsored activity or not at the time of the violation, and the violation is substantiated verbally and in writing by a law enforcement official, faculty member, or school administrator, the following will occur:

First Violation: A first-time violator shall be subject to the following sanction:

- a. Suspension from all students' activities involving performances, contests, or competitive events for a period of not less than one week. This suspension shall include any and all competitive events, performances, and contests first occurring after the infraction and any subsequent activities during the suspension period. Should it be necessary, the suspension may be administered in the school year following the infraction. Any suspension will not preclude the student from participating in practice. The student shall also remain subject to additional disciplinary action, if any, by the coach of the sport or school activity sponsor.

Second Violation: A second-time violator shall be subject to the following sanction:

- a. Suspension from all student activities for a period of not less than one semester or four months.
- b. A student placed on long-term suspension from activities under this policy may be readmitted on a probationary status if the student agrees to complete a drug and alcohol rehabilitation program. Names of acceptable programs are on file with the board clerk.

Third Violation: A student, who violates the terms of this policy for the third time, and any subsequent violations, shall be subject to the following sanction:

- a. Suspension from participation in and attendance at all school activities for the year.

STEROIDS

Rule 2:

It will be a violation of district policy for any student involved in a school-sponsored activity to use anabolic steroids.

Penalties are the same as outlined in Rule 1 of the Alcohol, Drugs and Tobacco Policy with the additional requirements on steps one and two that students would remain ineligible for competition until such time as medical evidence can be presented that his/her system is free of that drug. This is in accordance with Kansas State High School Activities Association Handbook, Rule 14, Article 4.
